

# Offer your team, class, or department skills instruction for success

## LyndaPro

LyndaPro provide small groups with unlimited, cost-effective access to the vast Lynda.com library of instructional videos.

### Solution Highlights

With LyndaPro, you can:

- Inspire your team to sharpen know-how and build new skills
- Provide instruction to accommodate learners of any skill level
- Offer searchable course transcripts that support just-in-time learning

### Key Features

LyndaPro is specifically designed to help small groups or teams quickly get up and running with high-quality, web-based instruction. LyndaPro lets you:

- Quickly add groups of users with our upload tool
- Reassign each user seat up to two times
- Manage learning using a complimentary master administrator seat
- View detailed usage reports by individual user or group

### End-User Benefits

- Unlimited, anytime, anywhere access to the entire Lynda.com course library
- Expert instructors
- Consistent, cinematic quality; all courses produced in-house
- Bite-size tutorials for just-in-time learning
- More than 20 new courses weekly
- Shareable course playlists that can map to specific roles and competencies
- Downloadable exercise files that reinforce retention
- Assessments to measure learning impact
- Certificates of completion
- Training on Mac, Windows, Linux, and mobile devices
- Privacy and security that is COPPA and TRUSTe compliant

### Customer Support

- Customer success team helps streamline onboarding, provides ongoing support, and more
